# Meeting of the Environment and Leisure Committee

# Monday 3rd September 2018

# Agenda Item 5.3

# TO START CONSIDERING NEW INITIATIVES FOR THE DRAFT BUDGET 2019/20

# 1.0 Summary

- 1.1 The draft budgets are presented to Full Council in early December for the following financial year, prior to a final decision being taken on the precept and detailed budget papers on 14th January 2019.
- 1.2 In order to assist staff with exploring the costs associated with new initiatives and the Town Council's priorities, and to give staff adequate time to obtain quotations and estimates, members are asked to consider now, what new initiatives they may wish to deliver in the next financial year and beyond.

# 2.0 New initiatives

- 2.1 At the meeting of Full Council on 30th July 2018, members were advised that in the financial year 2017/18 a total of £14,319.27 was received through Community Infrastructure Levy funding. Community Infrastructure Levy funding requires developers to contribute towards the local area and central government sets stipulations on the use of the funding i.e. for the provision of new infrastructure.
- 2.2 Whilst discussing the funds received during 2017/18, members noted a couple of initiatives which could benefit from this funding. This included improving Luxford Field play area, to focusing it in the centre of town, to offset some of the additional costs incurred through the installation of the CCTV system, and youth facilities.
- 2.3 It was therefore thought useful to explore some early ideas for both the use of the Community Infrastructure Levy funding, and to consider priorities for 2019/20 and beyond.
- 2.4 The remit of Environment and Leisure Committee includes:
  - the town council's parks, green open spaces and nature reserves;
  - the work carried out by the Grounds staff team;
  - play areas and sport/leisure facilities;
  - management of the allotments;
  - management of the cemetery;
  - events and leisure;
  - supporting our residents with matters such as community safety, health and wellbeing etc;
  - working with partners to enable positive improvements to our infrastructure, including footways, streetlights, etc.
- 2.5 Members will also recall that earlier in the year, the number of grass verge cuts carried out over the spring and summer months was reduced by East Sussex County Council/East Sussex Highways. Central government grant funding is diminishing and the higher tiers of local government (district or county council) are having to review the way in which services are provided to reduce their expenditure.

Town Councillors may therefore wish to consider the services delivered by the district and county authorities and where the Town Council or another community

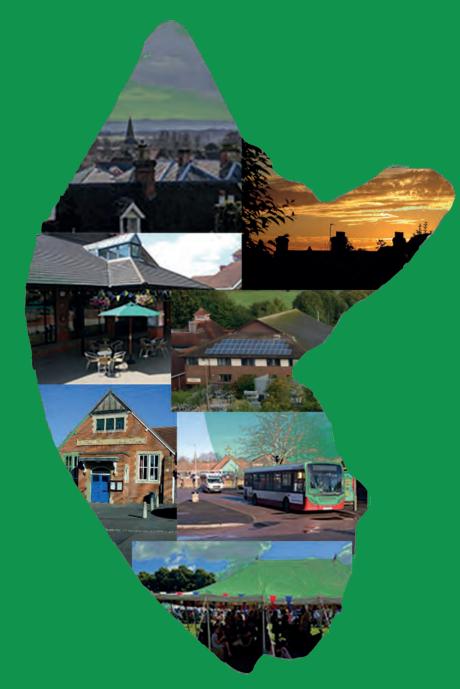

organisation may be able to contribute to maintain service levels at the current standard, or consider whether another organisation would be better placed to deliver the service.

2.6 The priorities set out in the Town Council's Strategic Plan 2018-23 highlight a number of key initiatives which the Town Council identified as important in the next five years. A copy of the document has been attached in appendix A, and will be updated and refreshed during the budget setting process in the next few months.

# 3.0 Recommendations

- 3.1 Members are asked to consider the remit of the Environment and Leisure Committee as set out in paragraph 2.4, and to think broadly about the issues currently being raised by Uckfield's residents, and how this Committee can make a positive difference.
- 3.2 Members are asked to:
  - (i) note the above report, and;
  - (ii) advise the Clerk of potential new initiatives for officers to explore.

# Our Strategic Plan 2018-2023

**Uckfield Town Council** 

Introduction	3

Turning Challenges into Opportunities	6
Vision, Mission and Strategic Priorities	7
Our Strategic Priorities – People – Place – Provision	8 9-10 11
Delivering our Objectives	12-13
Organisational Chart	13

# **Uckfield Town Council**

The purpose of the Strategic plan is to identify new initiatives and develop a five year plan which describes the steps we will take to deliver these initiatives within the resources available.

The Town Council recently reviewed its five year plan and looked afresh at our vision for the town. Whilst we try to take on board the views of residents, sometimes this can prove difficult especially with the amount of budget cuts being made by local government. However I would like to reassure you that this does not mean that your ideas will be discarded, they are just likely to take a little longer to explore.

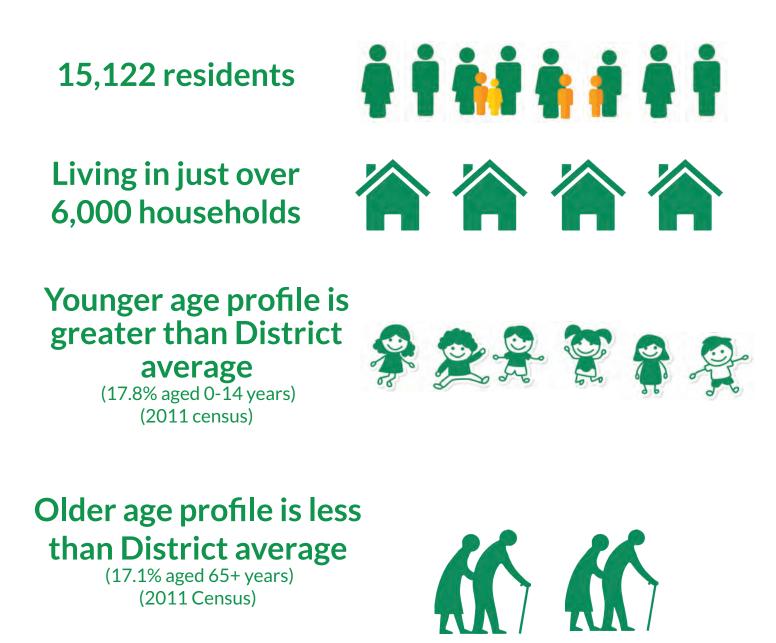

Over the next five years the Town Council will continue to do its very best for the town, and work with partner agencies to do so. Councillors work hard to find ways to bring projects to fruition. We hope this Strategic Plan will give you confidence in knowing that our town is being managed to the best of our abilities and within the budget constraints being placed upon us.

# 4 UCKFIELD TOWN COUNCIL - OUR STRATEGIC PLAN 2018-2023

Uckfield is one of five market towns located within the Wealden District and is located within the heart of the Wealden District. Its facilities serve not only the residents of the town but also the residents of its neighbouring villages.

The attractive setting of Uckfield brings both new residents and visitors to the town. Its location in the heart of Wealden and close proximity to the Ashdown Forest provides plenty of opportunities for leisure and recreation, in addition to the beautiful green open spaces and woodlands located within the town itself.

# **Good level of education**

(81.8% of working age population have qualifications) (2011 Census)

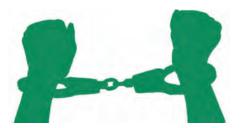

Higher rate of economic activity than the District average (over 80% economically active)

# Wealden has a high percentage of home ownership

(78.7% owner occupied) (2011 Census)

Wealden had a lower rate of recorded offences of crime per 1,000 population in 2015/16 than neighbouring districts in East Sussex

# 15.4% of the population have a limiting long term illness

(less than District average – 17.5% and County average – 20.3%) (2011 census)

# Low rate of unemployment

(rate of claiming Job Seekers Allowance is lower or the same as the Wealden average in three out of four wards)

# **High house prices**

(average house prices reached in the region of £300,000 in 2016 and higher than £300,000 in Ridgewood Ward)

# **Turning Challenges into Opportunities**

# Challenges

# Opportunities

**Limited infrastructure to support future development** With an increase in the population and plans for further development within the town boundary, it is important for the key agencies to consider where improvements are required in terms of infrastructure – education, health, transport, sewerage capacity, water supply, broadband coverage and mitigation of flood risk.

#### Proposals for growth

Plans have been put in place to build a further 1,000 homes in the Ridgewood area of Uckfield Town. This reflects proposals within the Wealden Local Plan for growth and increasing housing stock

#### **Range of facilities**

The town has a substantial range of facilities, with its own independent cinema and leisure centre. High performing schools, free parking, a diverse selection of shops and nearby Ashdown Forest are a big draw for residents and visitors.

#### Retaining our highly educated workforce

Uckfield has high levels of educational attainment but with good and improving transport links to Brighton, East Croydon and London mean much of the town's working age population are attracted to work out of the town.

#### **Flood risk**

The River Uck runs through the middle of the town which could place the town at risk of fluvial flooding. Mitigating measures are in place but the town is also susceptible to surface water run-off in heavy bouts of rain as a result of the undulating landscape of the town

#### Addressing traffic congestion

The road network through Uckfield Town and the A22 by-pass are heavily used by traffic. Although recent works in the High Street have improved accessibility for pedestrians and vehicles, there are still a number of pinch points on the corridors to the town, which could benefit from improvements.

#### Limited financial resources

The Town Council along with other tiers of local government (District and County Councils) are being placed under increasing financial pressure. Despite this, the Council still needs to deliver the services for which it has responsibility and consider taking on services devolved from other tiers of local government under financial restraint. This may require the Town Council to be innovative and/or make difficult decisions.

#### **Central location within South East**

Being in the heart of the Wealden District, the town is centrally located within the South East between London and the South Coast. Its close proximity to Gatwick Airport and Newhaven port provides job opportunities and ease of travel.

#### Our green spaces

Uckfield is fortunate to have two nature reserves, green open spaces and allotments. We need to encourage greater use of these spaces and continue to maintain them to a high standard.

#### Improvements to transport links

The train station platform has been extended, carriages increased and a new station car park created which will support an increase in rail users in the future. The Council also supports any future opportunities to reestablish the rail line between Lewes and Uckfield and build a new rail link between Uckfield and Brighton via Falmer.

#### Partnership working

As with all local authorities, the Town Council is in a strong position to work closely with its partner agencies to retain good quality services for residents. Partnership working can provide good value for money and increase opportunities.

#### Asset management

The Town Council has responsibility for a number of assets that could assist in generating higher revenues in the future. It would be prudent for the Town Council to develop an Asset Management Plan now, to effectively prepare for the future.

# **Our Vision**

# Preserving heritage, providing for the future

# 8 UCKFIELD TOWN COUNCIL - OUR STRATEGIC PLAN 2018-2023 Our Strategic Priorities - People

In addition to agreeing a set of specific priorities each year, the Town Council has set out a number of medium term aspirations for the town.

# **Delivering our Objectives**

# **Overview of the Town Council**

The Town Council has 15 Town Councillors, who are elected every four years. The last set of town council elections took place in May 2015. The next set of local elections will therefore take place in May 2019.

The positions of Town Mayor and Deputy Town Mayor are elected by the Town Councillors each year at the start of the annual statutory meeting of Full Council which takes place in May.

All Town Councillors meet in the format of Full Council at least six times a year, and the town council's three main standing committees, are:

- General Purposes Committee (9 members)
- Environment and Leisure Committee (9 members)
- Plans Committee (7 members)

# **Financial information**

# **General finances**

Town Councillors are required to start the process of budget setting within the autumn of each year, for the following financial year. This provides time to review our income and expenditure, the priorities of the Town Council, the priorities within the Town and the costs associated.

The precept is the local tax levied by the Town Council and collected on our behalf by Wealden District Council as the rating authority.

The precept for 2018/19 was agreed by the Town Council on 15th January 2018 at a figure of £873,472. We also have two sub-committees responsible for dealing with specific matters related to finance and human resources, called Personnel Sub-Committee and Finance Sub-Committee, which report their recommendations back to General Purposes Committee. These sub-committees meet on an ad-hoc basis when further detailed work is required.

All formal committee meetings are held in the Council Chamber of the Civic Centre, Uckfield. Residents are welcome to attend these public meetings and make statements in relation to items on the agenda of that committee, subject to the Chairman's discretion. Under the Openness of Local Government Bodies Regulations 2014, members of the public are able to film and record during a committee meeting to report on the meeting.

# **Capital expenditure**

The Council adopts a balanced approach to its capital expenditure in respect of the procurement of new assets and the maintenance of its existing assets. The first priority should however focus on developing and maintaining existing assets for the benefit of the community. Additional income may also be generated, where appropriate, through renting or leasing of these assets.

# Reserves

The Council adopts a risk based approach to its level of reserves which will be reviewed annually or more frequently if necessary. Currently the minimum level of general reserves will be set at approximately three months gross operating costs. Reserves will only be held above the minimum level for specific, earmarked purposes.

# **Delivering our Objectives**

# **Organisational structure**

Delivery of the Town Council's functions is overseen and managed by the Town Clerk, who is the Town Council's proper officer and required to support and advise members in their role and issue any statutory notifications.

The Town Clerk is supported by a team of nearly 30 members of staff who are responsible for maintaining the town's grounds and open spaces, buildings, facilities, and providing services to our customers within Luxfords Restaurant and the Civic Centre.

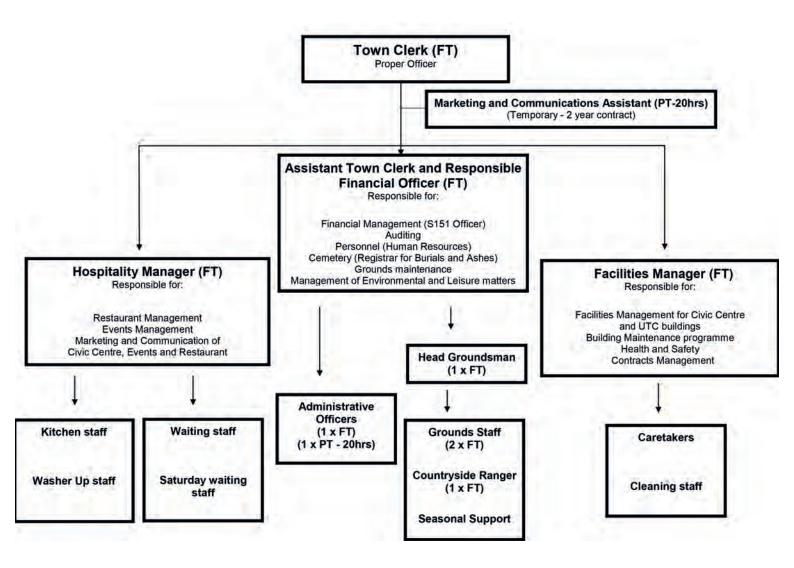

The Assistant Town Clerk and Responsible

Financial Officer is responsible for managing the Council's finances, human resources, grounds and open spaces and Council administration.

The Hospitality Manager is responsible for managing the restaurant, Civic Centre room hire and hospitality, and Civic Centre events programme.

The Facilities Manager is responsible for managing the maintenance and repair of the Town Council's key buildings, liaising with external contractors, managing health and safety and our caretaking staff.

# Meeting of the Environment and Leisure Committee

# Monday 3rd September 2018

# Agenda Item 7.2

# TO CONSIDER A REQUEST REGARDING ROAD SAFETY WHEELIE BIN STICKERS

# 1.0 Scarletts Close Residents' Association

- 1.1 In June 2018, the Town Clerk attended an AGM meeting of the Scarletts Close Residents' Association. At this meeting a number of matters were discussed but most importantly, local residents discussed their concerns with regard to school traffic leading to Rocks Park Primary School including driver behaviour and the speed of traffic.
- 1.2 The Town Clerk, explained the work involved in reviewing the speed limit of an area and noted that as yet, no incidents had occurred or been reported in Scarletts Close. She explained that should a process be instigated to review the speed restrictions within a residential area, hard evidence and data would be required, such as accident data, speed surveys would need to be carried out over a 7 day period, a feasibility study would need to be undertaken to review the landscape, natural or man made traffic calming measures by highway engineers and Sussex Police would need to be consulted on whether it would be feasible and practical to introduce a reduction. It would also be dependent on the funding available to make a change, as the County Council would not fund a scheme (albeit partly through a community match funding scheme) so funding would need to be sourced from elsewhere.
- 1.3 During the conversation it was noted that there could be little things that residents' associations could do to make people more aware of the importance of road safety, especially in their local area, and near to busy public buildings like schools.
- 1.4 The Town Clerk suggested the stickers that could be placed on Wheelie bins which clearly reminded road users of the speed restrictions in the area they were driving.
- 1.5 Withyham Parish Council has since recommended a website called <u>www.smartwheelie.co.uk</u> who supply various messages such as speed awareness notices to be printed and placed on household waste wheelie bins.

(Image from Smart Wheelie Website)

- 1.6 Scarletts' Close Residents' Association made contact with this company and have ordered 100 stickers costing a total of £89 in the white design. It was considered that in order to have maximum impact, two stickers would be needed per household (one for each wheelie bin).
- 1.7 Scarletts' Close Residents' Association asked whether the Town Council could provide any financial assistance towards the cost of these speed awareness stickers.
- 1.8 The Town Clerk advised, that unfortunately if support is provided to Scarletts Close, then the Town Council would need to consider requests from other parts of the town, and regardless of whether they had residents' associations or not.

# 2.0 Considering how the Town Council can support speed reduction initiatives

- 2.1 The Town Clerk therefore wished to bring this matter to Environment & Leisure Committee to highlight the positive work of Scarletts Close Residents' Association in doing their bit, and to ask members to consider how the Town Council could support speed awareness campaigns of this nature.
- 2.2 For example, could the Town Council consider purchasing a bulk order of the wheelie bin stickers to be held by the Town Council and then promote these stickers more widely in the monthly Uckfield Matters magazine (the Voice)?
- 2.3 Members should note that the request has been submitted within the year, and therefore not budgeted for. However there is a pot of funding allocated to Speed Reduction Initiatives, which was first prioritised for the potential purchase of speed signage, the budget has since been used for speed surveys and providing a contribution towards community speedwatch equipment. Members should also note that a new waste contract will commence in the summer of 2019, and this could potentially, in the longer term, alter the types of bins used for household waste collection.

# 3.0 Recommendations

- 3.1 Members are asked to:
  - (i) note the above report, and;
  - (ii) advise the Clerk of how they wish to proceed.

# REPORTS FROM WORKING GROUPS: SPEED INDICATION DEVICE (SID)

"The SID added greatly to the enjoyment of the Kit Car Grand Prix being one of the best supported events of the Festival.

The SID has also been deployed at a couple of approved locations within the Town but there needs to be an agreed programme of activity which is proving difficult to organise in view of the limited number of people involved. Therefore, we need to build a larger team of volunteers to obtain better use from our SID."

# **REPORTS FROM OUTSIDE BODIES:** Luxford Centre Management Committee

The meeting was updated on various matters by the House Committee who reported strong membership and a healthy bank balance so allowing them to pursue various outings and events.

The committee circulated a comprehensive newsletter to members. Bob Burchett, the new House Committee Chairman, was welcomed and responded stating he was settling in well and was grateful of the members support.

Various matters on general housekeeping and overall supervision of the centre were discussed and agreed.

The transfer of the Trust to a CIO is still on going and at present is with the Charity Commissioners.

# Meeting of the General Purposes Committee

# Monday 3rd September 2018

### Agenda Item 10.6

# **REPORTS FROM OUTSIDE BODIES: ACTIVE UCKFIELD**

1. The organisation held its Annual General Meeting on 7 August.

2. At that meeting Jeremy Hallett stood down as Chairman after 5 years in the role. He was warmly thanked for the sterling work he had carried out during that time.

3. Chairmanship is now being undertaken by Tony Rossi, who is Chairman of Grasshoppers FC. Jeremy Hallett has moved into the role of Secretary, and Alan Sallows (Uckfield RFC) continues as Treasurer.

4. This year's Sports Day at the Victoria Pleasure Ground had been a success, although there remains a need to market it more-widely and to target certain areas.

5. The Chairman set out his vision of the future for Active Uckfield, which he has a passionate wish to succeed and to grow. He pointed out that 'active' relates not solely to physical action but also to mental activity and agility. The group can become a great positive influence on the health and well-being of Uckfield residents, and there may well be a case for expanding influence to include the surrounding villages.

6. The Chairman said that he is initially being driven by the need for Grasshoppers FC to have access to more sports facilities as they have used up all the current supply, and the increase in demand that can be expected as the Ridgewood Farm housing development comes on stream will be impossible to satisfy.

7. He hoped that more events could be held in 2018/9 like the stoolball event held earlier this year when other sporting organisations participated.

8. The Active Uckfield operation will now take on a more-structured look, with meetings set down in a timetable for the year to come. In this respect there is a need to find a permanent venue, and those at the meeting have asked whether the Town Council can help.

9. The Chairman is now seeking volunteers to take on either a marketing role or a project co-ordinating role so as to relieve the Officers of these tasks which will enable them to devote more time to maintaining contact with participating Active Uckfield organisations.

Councillor Ian Smith

### 10.0 Recommendations:

Members are asked to:

(i) note the above update from Active Uckfield, and;

(ii) to consider Active Uckfield's request for support from Uckfield Town Council to find a permanent venue or support with room hire.
