UCKFIELD TOWN COUNCIL COMMUNITY GRANT PROGRAMME

The following is a list of suggested improvements, to the internal procedures for administering Uckfield Town Council's Community Grant programme:

Internal UTC Grant Procedures

- Move the timing for setting the grant budget available, so it coincides with the Town Council's budget setting timetable;
- Subsequently the deadline for receipt of applications could be moved to 31st January and the grants meeting take place in February;
- This new timetable could commence in 2020/21, for 2021/22;
- Establish a single point of contact for ALL grant application documents ...post, email etc (create a 'grants@' email address and for post to be addressed to the Grants Officer);
- Confirmation of receipt of the application forms to be sent to applicants within a week (seven days) of receipt;
- Applicants to be reminded that if they do not receive a receipt one week from submission of their application, they should contact the council prior to the deadline otherwise their application would be considered inadmissible.

Guidance for conduct of the grant application meeting

- Outline process to audience at start of the meeting;
- Consider sect 142 grant (CAB) first and explain that this is a separate 'pot' of money;
- In an open meeting, be aware of the attentiveness of the audience to discussions and comments:
- Retain the relaxed formality of the meeting to enable audience to hear what is said:
- Provide a summary handout for attendees (audience) of declarations of interest.

After the meeting

Organisations must provide a report of how the money has been spent.
 Any unspent money must be returned to the Council.

Uckfield Town Council

Internal Audit Report 2018-19 (Second Interim)

Prepared by Nigel Archer

For and on behalf of Auditing Solutions Ltd

This report has been prepared for the sole use of Uckfield Town Council. To the fullest extent permitted by law, no responsibility or liability is accepted by Auditing Solutions Ltd to any third party who purports to use or rely on, for any reason whatsoever, this report, its content or conclusions.

Background and Scope

The Accounts and Audit Arrangements introduced from 1st April 2001 require all Town and Parish Councils to implement an independent internal audit examination of their Accounts and accounting processes annually. The Council complied with the requirements in terms of independence from the Council decision making process from the outset of the revised Regulations, with Auditing Solutions Ltd subsequently appointed to undertake the internal audit function on behalf of the Council for the residue of 2009-10 and beyond.

This report sets out those areas examined during the course of our recent second interim visit to the Council, which took place on 9th January 2019, supplements the initial work undertaken on 15th & 16th November 2018 and will be subject to further update following the final visit on a date yet to be booked following the year-end close-down in May / June 2019.

Internal Audit Approach

In continuing our review for 2018-19, we have again had regard to the materiality of transactions and their susceptibility to potential mis-recording or mis-representation in the year-end Statement of Accounts.

Additionally, we have, as previously recorded, updated the rolling strategic programme of work for a further three years (2016-17 to 2018-19) that aims to ensure that those areas assessed as potentially higher risk are examined more frequently in the period.

However, with the previously recorded transition from the "Full Code" audit to the "limited assurance" regime we are now required to report upon an extended range of the Council's accounting and other processes annually. Consequently, we have and will continue at future visits to undertake work in each area covered by the Internal Audit Certificate of the year's Annual Return, which now forms the annual Statutory Accounts for the Council.

Overall Conclusion

We are pleased to record that no significant concerns or issues have been identified during the course of testing undertaken to date: consequently, it has not been considered necessary to append an Action Plan of any formal recommendations.

Detailed Report

Maintenance of Accounting Records & Bank Reconciliations

The Council continues to use bespoke Sage accounting software to maintain its accounting records, with annual support currently provided by third party contract accountants (Acuity, who were previously known as Armida prior to a change of ownership). The Council remains a full Sage software user, with Current and Interest Bearing Deposit accounts operated at NatWest Bank, supplemented by occasional Term deposit holdings at Lloyds Bank.

Our objective here is to ensure that the accounting records are being maintained accurately and currently and that no anomalous entries appear in cashbooks or financial ledgers. We have consequently: -

- > Verified that an appropriate cost centre and nominal ledger structure remains in place;
- ➤ Checked and agreed the opening account balances in the Sage software for 2018-19 to the closing Financial Statements for 2017-18 to ensure that all the detailed balances have been properly rolled forward with no matters arising this year;
- ➤ Checked and agreed two sample months' receipts and payments transactions (April & September 2018) from the Current account cashbook to relevant bank statements, including the daily "sweeps" to and from the Interest Bearing Reserve account for the same two months; and
- Finally in this area we have checked and agreed the software based bank reconciliations as at 30th April & 30th September 2018 to ensure that there are no long-standing, uncleared items or other another anomalous entries arising.

Conclusions

There are no matters arising in this area to warrant formal comment or recommendation.

Review of Corporate Governance

Our objective is to ensure that the Council has a robust series of corporate governance documentation in place; that Council and Committee meetings are conducted in accordance with the adopted Standing Orders and that, as far as we are able to ascertain, no actions of a potentially unlawful nature have been or are being considered for implementation. We have, to date: -

Noted that, as in previous municipal years, the Council's extant corporate documentation such as Standing Orders, Financial Regulations, Members' Code of Conduct are subject to on-going review and were again considered fit for purpose following some relatively minor revisions (most latterly in July and November 2018 respectively) to ensure consistency with the recently issued updates to the NALC model documentation;

- Continued our review of the Council's minutes, examining those for the Full Council and its Standing Committee meetings (with the exception of Planning) held to end December 2018 with a view to identifying whether or not any potential issues exist that may have an adverse effect, through litigation or other causes, on the Council's future financial stability no such issues were identified;
- Noted previously that the Council met all necessary criteria to adopt the General Power of Competence and that this was re-affirmed in May 2015 following the election of the new Council in accord with extant legislation (no consideration was required in 2017-18 or 2018-19); and
- We are again pleased to acknowledge the existence of a plethora of relevant, formally adopted Policies and Procedures, together with more detailed written operating procedures in line with best practice, also noting that these continue to be reviewed and updated periodically.

Conclusions

There are no matters arising in this area to warrant formal comment or recommendation.

Review of Expenditure

Our aim here is to ensure that: -

- Council resources are released in accordance with the Council's approved procedures and budgets;
- > Payments are supported by appropriate documentation, either in the form of an original trade invoice or other appropriate form of document confirming the payment as due and/or an acknowledgement of receipt, where no other form of invoice is available;
- > That an official order is raised for all relevant goods and / or services: we acknowledge that this will not be necessary for all items of expenditure, which are regularly the subject of contracts (e.g. grounds maintenance) or legal requirements (e.g. non domestic rates);
- > All discounts due on goods and services supplied are identified and appropriate action taken to secure the discount;
- > The correct expense codes have been applied to invoices when processed; and
- > VAT has been separately identified (where applicable) and coded to the control account for periodic recovery.

We are pleased to note that sound control continues over the authorisation of, and payments for, supplier invoices and other similar expenditure (still predominantly paid by cheque);

We have extended our testing of payments at this update visit, examining a sample of all those payments individually in excess of £4,000 together with a further selection of every 40th cashbook transaction (irrespective of value) to 31st December 2018. This sample comprised approximately 70 payments, totalled just over £309,500 and represented 49% of all non-pay related costs in the period to that date.

In relation to VAT, the RFO continues to submit quarterly electronic submissions in a timely manner and we have verified that the September 2018 return had been completed in accord with the underlying Sage control account balances.

Conclusions

There are no matters arising in this area to warrant formal comment or recommendation.

Assessment and Management of Risk

Our aim here is to ensure that the Council has put in place appropriate arrangements to identify all potential areas of risk of both a financial and health and safety nature, whilst also ensuring that appropriate arrangements exist to monitor and manage any such risks identified in order to minimise the opportunity for their coming to fruition.

- ➤ We have previously noted that the Summary Risk Management Policy is presented to Full Council annually and are pleased to note this remains the case currently (most latterly in April 2018) and that this "underpins" several other policies in place to ensure significant risks are controlled and monitored;
- > We again note that sound control registers are in place, on a weekly basis, to record the ground staffs' health and safety inspections of the Council's various play areas and associated facilities; and
- We have examined the Council's two insurance policy schedules: that provided by QBE (via brokers JELF) in relation to its properties expiring in October 2019 and that provided by Zurich Municipal in relation to its remaining legal requirements expiring in June 2019 to ensure that appropriate cover is in place. Public Liability cover has been increased to £15 million whilst Employer's Liability and Fidelity Guarantee cover remain unchanged at £10 million and £1 million respectively. Additionally, appropriate Loss of Revenue is in place in relation to the Civic Centre (at £400,000) and across other sites (at £34,000).

Conclusions

There are no matters arising in this area to warrant formal comment or recommendation.

Budgetary Control & Reserves

Our objective here is to ensure that the Council has a robust procedure in place for identifying and approving its future budgetary requirements and level of precept to be drawn down from the District Council; also, that an effective reporting and monitoring process is in place. We also aim to ensure that the Council retains appropriate funds in general and earmarked reserves to finance its ongoing spending plans, whilst retaining appropriate sums to cover any unplanned expenditure.

➤ These first two interim visits were too early for any formal deliberations of the Council's Budget and Reserves for 2019-20 to have been concluded, although we note from recent minutes and Agenda papers and the workload of the RFO at present that due consideration is expected to be finalised at the Full Council meeting later in January.

➤ We also note that members continue to be provided with periodic budget management reports during 2018-19 to date (generally monthly) and have briefly considered the end November 2018 position and note that whilst there are some "line by line" variances, the overall position would appear to be quite strong at present.

Conclusions

There are no matters arising in this area to warrant formal comment or recommendation.

Review of Income

The Council receives income from a variety of sources including hire fees for use of the Civic Centre, the Luxford restaurant facility, other property lettings, cemetery activities, bank deposits and sports pitches.

Our objective is to ensure that robust systems are in place to ensure that all income due to the Council is identified and invoiced (where applicable) in a timely manner and that effective procedures are in place to ensure that appropriate recovery is effected within a reasonable time span. Consequently, we have:-

- Noted from Financial Regulations that members are required to review the scales of fees and charges for all its activities annually and have obtained detail of those pertaining to the Civic Centre and Forester Hall lettings, Pavilion & Sports pitch hires, Cemetery activities and allotment rentals for the current financial year (which were duly approved in the previous municipal year);
- > Noted that officers and members continue to regularly manage, report on and review long-standing and potential bad debts, the most recent of which did not identify any significant issues to warrant further action at present:
- > We have examined the Cemetery income streams at the first interim stage by selecting all those burial register entries for the period April to September 2018 and ensuring that each was duly supported by funeral directors' application forms and death certificates, that the fees charged for each activity were in accord with the published scales, that relevant Sales Ledger invoices had been raised in Sage and that there were no undue delays with settlements of same;
- As noted earlier in this report, we have checked and agreed two sample months' receipt transactions in full from cashbooks to bank statements;
- As noted later in this report, verified all interest arising on the NatWest Interest Bearing account and the Lloyds Term deposit for the year to end December 2018;
- ➤ Verified a sample week's Centre and Hall bookings from the diary registers for 19th to 25th November 2018 to the subsequent sales ledger invoicing to ensure that each booking was charged in accordance with the published scales as determined by time of day and the relevant room type and that there were no undue delays in customer settlements. Approximately 50 items were in the sample tested and we are pleased to note that there were no issues requiring further enquiry or explanation by officers; and

> Tested periodic incomes such as rentals for The Hub, Signal Box, Victoria Pavilion, Vernon Road, Quickborn Suite together with sporting facilities such as the two cricket senior teams and the Grasshoppers junior football teams for the year to December 2018 from original sales invoices to ensure that there were no obvious errors or omissions where receipts could have been expected.

Conclusions

There are no matters arising in this area to warrant formal comment or recommendation.

Petty Cash Accounts and Corporate Debit / Credit Cards

The transition to the "limited assurance" regime requires us to specifically express a view on the operation of petty cash schemes within the Internal Audit Certificate at Part 3 of the revised Annual Governance and Accountability Return.

- Two "office" based petty cash accounts are in operation at the Civic Centre in addition to the general operational floats held for the till functions. These are maintained on a day-to-day basis for the separate use of Administration and Luxford expenses utilising Sage cashbooks for transaction processing and accounts are "topped up" periodically as and when required (usually in round sum amounts of £150) and are not operated on a formal "imprest" basis;
- We have checked and agreed a sample month's payments (October 2018) on both accounts to ensure that each was supported by an appropriate invoice or till receipt, that VAT (where applicable) was being separately identified for periodic recovery and that the goods or services were appropriate for the Council's activities. We also note the continuing formal control of the "cash-in-tin" balances and re-imbursements, which are subject to independent managerial review; and
- ➤ We note that the Council is in possession of a NatWest One Card, with a maximum credit limit of £5,000 and settlement in full by automatic monthly direct debit, and we have checked and agreed the transactions for the month ending 15th September 2018 to supporting documentation, also ensuring the goods and services were appropriate for the Council's activities.

Conclusions

There are no matters arising in this area to warrant formal comment or recommendation.

Review of Salaries

In examining the Council's payroll function, we aim to confirm that extant legislation is being appropriately observed as regards adherence to the Employee Rights Act 1998 and the requirements of HM Revenue and Customs (HMRC) legislation as regards the deduction and payment over of income tax and NI contributions, together with meeting the requirements of the local government pension scheme as further revised from 1st April 2018 in relation to the staff salary contribution bandings.

We have examined the payroll procedures in place and physical payments made to staff to date in 2018-19 by reference to the September 2018 documentation, the underlying detail for which continues to be produced "in house" by the RFO utilising bespoke Sage payroll software. Consequently:

- > Gross pay rates have been checked to ensure that the NJC pay award for 2018-19 had been duly implemented;
- > PAYE Tax Codes and National Insurance Tables have been checked to ensure that appropriate allowances are being applied for the year following the annual budgetary increases in personal thresholds with effect from April 2018;
- ➤ Local Government Pension Scheme deduction rates have been checked to ensure they are in accord with the revisions to the bases of employee contributions, most latterly with effect from 1st April 2018;
- > Variable hours and expenses have been verified to individuals' timesheets and claim forms;
- ➤ We have checked and agreed the net pay computations on pay slips to the payroll summaries and resultant electronic NatWest Bankline instructions and the settlement of deductions for HMRC and LGPS; and
- > We note that electronic monthly returns are made in a timely and accurate manner in accord with current HMRC legislation (aka Real Time Initiative).

Conclusions

There are no matters arising in this area to warrant formal comment or recommendation.

Investments and Loans

Our objectives here are to ensure that the Council is investing "surplus funds", be they held temporarily or on a longer term basis, in appropriate banking and investment institutions, that an appropriate investment policy is in place, that the Council is obtaining the best rate of return on any such investments made, that interest earned is brought to account correctly and appropriately in the accounting records and that any loan repayments due to or payable by the Council are transacted in accordance with the relevant loan agreements.

- ➤ Currently we note that the Council has one periodic Term deposit with Lloyds Bank (for a twelve month period ending in July 2019) and also, as noted earlier, holds "surplus" funds in an Interest Bearing account at NatWest: we have checked and agreed these balances to the bank's third party advice note and relevant statements and verified all interest arising thereon for the year to date (end December 2018); and
- ➤ The Council has one existing PWLB liability: we have checked and agreed the first instalment repayment for 2018-19 (in August 2018) to their third party direct debit settlement advice notes and Sage cashbooks as part of the higher value supplier testing noted earlier in this report.

Conclusions

There are no matters arising in this area to warrant formal comment or recommendation.

Agenda Item 8.1

TO RECEIVE A REPORT ON HEALTH AND SAFETY WITHIN THE COUNCIL

1.0 Summary

1.1 This report provides an update for members on the various elements of health and safety that need to be considered within an organisation.

2.0 Health and wellbeing of staff

2.1 The most recent figures are for the current period. In the past financial year we have had three members of staff on long-term sick leave. One has left the organisation as their contract was seasonal, the second is on a phased return to work and settling back into the daily routine well, and the third will return to work on a phased-in basis shortly.

	As at 08.02.19 (27 staff)	As at 15.01.18 (27 staff)
Actual days taken as short-term Doctors' certificate	77.0 days	70.0 days
Actual days taken as self-certificated sick leave	54.0 days	31.5 days
Average number of days self-certificated sick leave per person	2.0 days	1.2 days
Actual days taken as long term sick leave	139.0 days	241.0 days
Average number of days sickness per person	10.0 days	12.7 days
National average of sick days taken in the public sector per person (*sickness absence in the labour market – ONS 2016)	4.3 days	4.3 days

3.0 Personal learning and development

- 3.1 An online training portal has been set up by the Facilities Manager to enable all staff to easily carry out their refresher training in all aspects of the organisation's work including modules on manual handling, electrical safety, food hygiene to name just a few. All members of staff have been provided with login details and the various ways in which they carry out the training in work time mobile app, laptop in the office or near their place of work. Staff are expected to have undertaken the necessary refresher training relevant to their job role by the end of March 2019.
- 3.2 The caretakers and Facilities Manager carried out refresher training on the Evac Chair within the Civic Centre building in January 2019. This provides a mean of

- escape via the stairwells for those with mobility issues or a disability, in the event of a fire.
- 3.2 The Facilities Manager will be carrying out IPAF 3A and 3B training mid-February 2019, to enable them to safely operate mobile elevating platforms such as scissor lifts. With the height of the Civic Centre and restaurant ceilings, we have routinely checked the training records of our contractors but it was considered worthwhile having a trained member of staff onsite as well.

4.0 Health and Safety Risk Assessments

- 4.1 Ongoing facility audits are being carried out frequently, with issues being addressed by staff or contractors.
- 4.2 A Health and Safety Audit has been carried out by the British Safety Council. It was a particularly valuable exercise, and we are currently awaiting the report and accompanying recommendations.
- 4.3 All risk assessments have been reviewed by the Facilities Manager, and a recent Health and Safety Audit carried out by the British Safety Council has highlighted where we may wish to add to these, to further strengthen the portfolio we have.
- 4.3 First aid kits in all buildings are being checked and updated accordingly.
- 4.4 The Facilities Manager has created an Asbestos management plan following previous inspections, noting areas of concern for any relevant buildings.
- 4.5 The Facilities Manager is carrying out water monitoring of each building to ensure Uckfield Town Council remains compliant.

5.0 Fire Safety

- 5.1 The Facilities Manager has requested fire risk assessments from all tenants. Most have been received, with the Town Council awaiting three out of the seven required.
- 5.2 Leaseholders and tenants have been invited to attend a free session run by East Sussex Fire and Rescue, and hosted by the Luxfords Centre for small and medium sized businesses on fire safety mid-February 2019. This session will include information on completing fire risk assessments, legal obligations and responsibilities and how fires start and how to prevent them.

6.0 Accident reporting – Quarter 3 (2018/19)

- 6.1 26th October 2018 Member of public hurt back on back of toilet door within the Civic Centre, first aid offered but declined.
- 6.2 16th December 2018 Member of Church service fell from a table whilst setting up equipment and cut his elbow and head. First aid given by caretaker. Facilities Manager followed up with Church and has received risk assessments to prevent persons from standing on furniture, during set up.

Agenda Item 9.1 (i)

REPRESENTATIVES ON OUTSIDE BODIES: REPORT OF THE CITIZEN'S ADVICE BUREAU (CAB)

Quarterly Performance Report to Uckfield Town Council - 2018/19 Quarters 1 to 3

To provide the advice people need for the problems they face and to improve the policies and practices that affect people's lives. WCA will provide a free, confidential, independent and impartial service, valuing diversity, promoting equality and challenging discrimination. The service is open to all, informing people of their rights and responsibilities.

Key Performance Indicators

1. Opening Hours

The Uckfield office has provided advice: face to face, over the phone and by email during the following opening times. The bureau was closed between Christmas and New Year, but has otherwise only been closed for staff meetings and training. While we are offering the same number of full advice and specialist appointments as we have in the past, our opening hours for face to face drop-in advice changed to 11.00am-3pm from 1 November. From this date clients can also leave a voicemail or text for advice any time and the office will call them back, booking a timed appointment if required.

Day	Face to face	Telephone	Email
Monday	11.00 to 3	9.30 to 3	9.30 to 3
Tuesday	Specialist appts only	Available via other	
•		bureaux	
Wednesday	11.00 to 3	9.30 to 3	9.30 to 3
Thursday	11.00 to 3	9.30 to 3	9.30 to 3
Friday	11.00 to 3	9.30 to 3	9.30 to 3

In addition, we offer specialist money advice appointments at the bureau between 9am and 5pm. Demand for the money advice service has been particularly high over recent months and we are now operating a waiting list.

2. Premises

The office ceilings have been sealed. We are awaiting further details on potential works to the roof of the Hub in due course.

3. Reporting

The Uckfield office has helped 1184 clients with information and advice so far this year.

2 in 5 of our clients had a disability/long term health condition and 29% were 60 or over.

Clients raised **4,341 issues** - giving a ratio of **3.7 issues per client**. This reflects the fact that the bureau's caseload continues to be increasingly complex with clients often visiting the bureau multiple times e.g. because of multiple debts or to appeal an incorrect benefit assessment. We continue to see "regular" clients who have real difficulties managing their day to day lives and have nowhere else to turn for support.

A full summary of the issues handled is attached at annex A.

Of the issues raised the main five areas of advice were as follows: welfare benefits 32%; debt 17%; employment 9%, housing 7% and relationships & family 6%.

The Uckfield team secured £541,857 in improved financial outcomes in this quarter (£280,066 of which directly benefitted Uckfield residents). This could be anything from an increase in benefits, compensation, a refund, debt write-off, successful appeal or challenge. The team gained £291,797 in additional income (e.g. benefits/tax credits) for clients over this period (£168,808 of which was for Uckfield residents) and, with the support of our specialist money adviser, helped clients write off £248k in debts. The team also helped 40 people who were homeless or threatened with homelessness.

Our annual customer satisfaction survey (Jan-March 18) showed **99%** of clients as being happy or very happy with the service they received. There have been no complaints about the service this quarter.

Our top priorities for research & campaigns remain:

- The operation of the welfare benefits system, particularly for those making claims for sickness and disability benefits. We are currently finalising a report which exposes the additional difficulties experienced by clients living in rural communities e.g. getting to assessment and appeal venues. We hope the report will be published next month.
- The implementation of Universal Credit, particularly having outreach in place in all the town
 hubs of the District. We expect a DWP outreach service to be offered from the bureau
 shortly now that Universal Credit claims are starting to come through in greater numbers.

We are fortunate to have around 30 volunteers at Uckfield.

These volunteers have been supported by:

- full time equivalent advice session supervision
- a day a week admin support
- 1 day a week trainer

The hours available for training and cover supervision have reduced since 1 August and access to the help of specialist benefits staff at Hastings Advice & Representation Centre has now ended following the termination of CCG funding.

Wealden Citizens Advice is also supported by 9 volunteer trustees.

4. Other service developments

On 1 November, in partnership with colleagues in Citizens Advice across East Sussex and energy efficiency company RetrofitWorks, we took over the *Warm Home Check Service*, which aims to ensure the county's most vulnerable residents can stay warm and well. So far we have helped 257 people, many of whom have been struggling without adequate heating or hot water for some time. We are running this service alongside our annual *Warm in Wealden* campaign, which offers an energy advice check to all clients who contact us who are at risk of living in a cold home.

We still do not yet know what the Government's announcement on funding for Citizens Advice to provide support to universal credit claimants will mean in practice from April 2019, but will keep you informed.

Agenda Item 9.1 (jv)

REPRESENTATIVES ON OUTSIDE BODIES: REPORT OF THE UCKFIELD VOLUNTEER CENTRE

1. The sessional workers, funded by the recent successful grant applications, are busy starting their project work around youth engagement with volunteering.

The Primary age initiative has already started work in local primary schools with a successful event planned in the Volunteer Centre based around 'Kindness Day'. Small Pupil groups from Holy Cross. St. Phillips and Rocks Park schools attended the event. The sessional worker is also engaging with all the local primary schools in developing a proposed programme of initiatives. The 'lwill' project promoting volunteering in the community is being rebranded as 'YOUth Decide'.

The worker for the older age groups is also developing a similar programme of activities, appropriate to this older age range. Discussions are on-going with the Beacon School and Uckfield College to progress this development. As a starter, a 'countdown' on Social Media is planned in early February.

- 2. The IT and Telecoms have been up-dated following a generous grant, from the Chalk Cliff Trust, of £5000. To support the Centre's activities a new photocopier has been obtained. It is very cost effective meaning the very low price of copying, to the public, can be maintained
- 3. Three further grant applications are outstanding for continued financial support for the sessional workers on the Youth project and resources for providing training and learning to members and the wider community.
- 4. Following discussions, collaboration has been agreed with Wealden Works. Volunteers might be able support some of their activities. The first venture is a careers fair in March at Uckfield College.
- The Centre is in a sound financial position with costs closely managed. The end of year accounts are ready to be audited, so they can be presented at the Annual General Meeting in October.
- 6. One of the Trustees, Mike Ziolek, has resigned due to his increased activities with the BBC. He was thanked for his long support and work with the Centre. He still wishes to remain involved as an ambassador.

The next community lunch is in May 2019. The final details are still to be confirmed.
