Members reviewed the income and expenditure report for Luxfords Restaurant and discussed the recent review of menu pricing with the Hospitality Manager, before noting both reports.

Councillor D. Manvell arrived and joined the meeting at 7.04pm.

#### 6.0 BUILDINGS

#### 6.1 To note the current position with the Council's buildings

Members were presented with a detailed update on the current condition of the Town Council's buildings and the compliance work undertaken. Members noted the report.

#### 6.2 <u>Update on the Signal Box</u>

The Estates & Facilities Manager explained the work that had been undertaken to date, to understand the structural condition, general building condition and compliance measures required to bring it back up to standard.

The interested commercial enterprise had already invested in the region of £6,000 in commissioning the various reports, surveys, and assessments in the preparation of a change of use planning application. Planning permission had been granted. They had now submitted an application to Building Control, which was expected to take a couple of months.

Discussions between members and staff focused on:

- (i) commercial rental value and seeking an initial indication;
- (ii) requirements of Uckfield Town Council as a landlord in making the building safe, before considering any new lease arrangement;
- (iii) looking at the opportunities from this arrangement in terms of improving the area next to the station, and press coverage for a local business and the town.

#### GP20.09.25 Members RESOLVED to:

- (i) approve the use of allocated earmarked reserves to the sum of £21,500 to undertake the proposed works to the Signal Box as required as owner and landlord of the property, and;
- (ii) arrange for the interested commercial enterprise to meet with members prior to Full Council on 20 October 2025.

# 6.3 To consider the installation of an EV Charger in the Source Car Park The Estates & Facilities Manager explained the type of EV Charger being proposed for installation in the Source Car Park, and clarified that the power would be supplied from the power box at the bottom (south eastern corner) of

Luxford Field.

One member asked whether it would affect the space available within the car park, for activities such as the Farmers Market. The Estates & Facilities Manager explained that the supply would be trenched in from the far corner of Luxford Field, and into the grassed area of the car park by the knee rail fencing, so it would not affect the car parking area itself.

Clarification was sought on why the charging point would not be placed on the side of the Civic Centre. It was explained that this was due to a number of factors including vehicular access for the grounds vehicles, security when charging overnight (the source car park could be closed off), and it being in a more protected location, to reduce the risk of ASB.

The £350 grant funding allocation towards the initiative was the UK Government Electric Vehicle Charge Point Grants Scheme.

Members also discussed that if the electric supply became available to staff, for personal use, a system/procedure would need to be created for associated use and fees and charges. The Estates & Facilities Manager advised that the point would be managed by an app, so the Town Council could control usage. Initially the main purpose was for the Grounds vehicles and Pool van to be used by the Caretaking team as well.

Members discussed CCTV coverage of the area, to which the Town Clerk explained that staff were currently exploring options for this.

It was also asked whether the unit was moveable, if the site were to be reconfigured or redeveloped. The Estates & Facilities Manager explained that yes it could be disconnected from the board, and the unit could be moved. It was also confirmed that the supply would be on a separate sub meter, so separate readings to that of the field usage and Community Fridge usage.

## GP21.09.25 Members RESOLVED to agree to the purchase and installation of an EV charging point within the Source Car Park, funded by earmarked reserves 'Climate Change Initiatives.'

#### 7.0 POLICY

#### 10.0 CHAIRMAN'S ANNOUNCEMENTS

None.

#### 11.0 TOWN CLERK'S ANNOUNCEMENTS

The Town Clerk referred to Osborn Hall, and reminded members that the lease was due to expire shortly.

Due to prior and current discussions requiring the need to look longer term at the provision of a safe, accessible and practical building which could accommodate the Guides and other community organisations, it was suggested that the current lease agreement be extended whilst these considerations be progressed in more detail with external project management support.

GP22.09.25 Members RESOLVED to request the Town Clerk to approach the Town Council's solicitors to create an extension to the existing lease agreement for a further two years. This would provide the necessary breathing time for the Town Council and associated partner organisations to explore funding opportunities and draw up plans for a new community space.

#### 12.0 CONFIDENTIAL BUSINESS

GP23.09.25 It was RESOLVED that pursuant to Section 1 (2) of the Public Bodies (Admission to Meetings) Act 1960, because of the confidential nature of the business to be transacted it was advisable in the public interest that the public be temporarily excluded and they were instructed to withdraw.

Holly Goring
Uckfield Town Council

27 October 2025

Dear Holly

#### **Uckfield Town Council**

#### First Interim Internal Audit 25-26

Following the interim audit completed on 15 October, I attach my report for consideration by the Council. This was the first of three audits I intend to carry out to support my opinion on the 25-26 Annual Governance and Accountability Return (AGAR). I covered the following at this visit:

- Review of opening balances and reporting of 24-25 audit opinion
- Follow up previous recommendations
- Review of accounting and VAT processes
- Salaries and wages
- Income
- Arrangements for inspection of accounts
- Bank reconciliations.

I am pleased to report that the Council has successfully maintained a robust system of financial control, and I have identified no matters to date that would result in a negative opinion on the year- end internal audit report. At Appendix A I follow up recommendations outstanding from 24-25 audit work. At Appendix B I list recommendations arising from interim audit work on the 25-26 internal audit.

The Accounts and Audit Regulations 2015 require smaller authorities, each financial year, to conduct a review of the effectiveness of the system of internal control and prepare an annual governance statement in accordance with proper practices in relation to accounts. The internal audit reports should therefore be made available to all members to support and inform them when they are considering the Authority's approval of the annual governance statement. I am required by Section 4 of the Annual Governance and Accountability Return (AGAR) to review controls in place at the Council against predefined control assertions. These control assertions are set out below, together with the results of testing carried out at the interim audit.

# April Skies Accounting

## A - Appropriate books of account have been kept properly throughout the year

#### First Interim Audit

The Council maintains financial records on the Sage Accounting system. My testing confirmed that income and expenditure is balanced to the cashbook and reconciled to bank statements on a regular basis. In the course of my testing I confirmed there is a clear audit trail from the accounts to supporting documentation such as invoices.

I was not able to complete my testing of the brought forward balance on the Sage accounting system, this is being looked into by the RFO. I will complete this testing at my next interim audit.

The Council has a system of member audits. These are carried out each month, and a member is tasked with reviewing the following:

- Supplier invoices
- Sales ledger transactions
- Staff timesheets
- Bank and petty cash reconciliations

I checked that the member audit process has been operating in 25-26. I confirmed that member audits have been completed to the end of July 2025. The review of the August accounts has been booked in to be completed on 28 October. I reviewed the member audit file and this showed all checks are being completed and properly evidenced by councillors.

The Council is registered for VAT, and submits VAT returns to HMRC on a quarterly basis. The VAT return for quarter 2 was being prepared at the time of my audit. I will review this VAT return and reconciliation to the VAT control account at my next interim audit in January. I remind the Council that the VAT return must be reconciled to the VAT control account each quarter to avoid over / understatement of VAT owed to the Council on the balance sheet.

#### **Compilation of Financial Statements**

The RFO confirmed that the Council is working with an external accountant with experience of using sage in the Town Council sector to streamline the statutory accounts process and to enhance management accounting reports.

07958 990310

## B - The Council's financial regulations have been met, payments were supported by invoices, all expenditure was approved, and VAT was appropriately accounted for

#### First Interim Audit

Financial Regulations are based on NALC templates. The Council reviewed financial regulations at the Full Council meeting in May 2025. Standing Orders are also up to date, these were ratified at the May 2025 Full Council meeting, alongside the Code of Conduct for Councillors.

I will test expenditure for months I-9 at my next interim audit.

## C - The Council assessed the significant risks to achieving its objectives and reviewed the adequacy of arrangements to manage these.

To be tested at next interim audit after annual insurance renewal is complete.

## D - The annual precept requirement resulted from an adequate budgetary process; progress against the budget was regularly monitored; and reserves were appropriate

To be tested at next interim audit once budget setting is completed, and quarter 2 reporting has been finalised.

## E - Expected income was fully received, based on correct prices, properly recorded and promptly banked; and VAT was appropriately accounted for

#### First Interim Audit

I tested a sample of 15 income transactions selected from the cashbook extracted from Sage for the first 6 months of the financial year.

#### For Luxfords and functions income I completed the following tests:

- Income per sage agreed back to z reading on till
- I checked cash figure on till report to physical cash count signed off by supervisor and RFO
- Cash banking agreed to paying in slip and to bank statement
- Credit card banking per till report agreed to bank statement

**07958 990310** 

#### Other income was also tested:

- Ticket sales through eventbrite agreed to report from ticket agency and to bank statement
- Room Hire a sample of room hire credits were tested from the ledger back to invoices. I then recalculated invoices and checked these had been raised in line with approved fees and charges.
- Rental Income agreed to shorthold tenancies
- Cemetery income checked to approve fees and charges

For all transactions reviewed, I was able to agree credit on the accounting system back to the relevant documentation. Invoices were all raised in line with approved fees and charges, and till records showed evidence of appropriate count and authorisation by senior officers.

I have two recommendations:

- The Council should no longer accept cash when selling food / drink at functions. This would reduce workload by eliminating the need for a cash float, and the controls needed around cash takings.
- Consideration should be given to purchasing a small number of card machines (such as Zettle / Sum Up / Square) for use at functions and in Luxfords. This would provide
  - o back up to the till
  - o enable additional sales at busy events
  - o enable sales at offsite events

The Council should look to use a system that has an interface with the accounting system.

## F - Petty cash payments were properly supported by receipts; all petty cash expenditure was approved and VAT appropriately accounted for

Next interim audit

G- Salaries to employees and allowances to members were paid in accordance with council approvals, and PAYE and NI requirements were properly applied.

#### First Interim Audit

The RFO logged into the HMRC account on 15 October. This showed that the Council is up to date with HRMC submissions and no payments are outstanding.

Payroll is processed monthly by the RFO, using Sage Payroll, in good time for monthly payments to staff. Timesheets are sent into the office, these are inspected and signed off by the Town Clerk. The RFO sets up the monthly payroll on the Sage payroll system, and checks outputs prior to further processing. Payroll is set up on Natwest Bankline. The Bankline report is signed by the RFO, and checked and signed by the Town Clerk.

Authorisation for payment is provided by a councillor, evidenced by signature on the Sage Payroll Summary page

I checked the August 2025 payroll. The payment for salaries on the bank statement was agreed to the Sage payroll summary and to the bankline report. I confirmed the bankline report had been reviewed and signed off by the RFO / Town Clerk and a councillor. Payments to HMRC and the pension provider were agreed back to payroll reports.

I selected 4 members of staff from the bankline report. For all staff selected I was able to agree pay to payslip. I tested gross pay for each officer, and confirmed that this could be agreed to the annual cost of living pay rise calculation, as prepared by the RFO (August 25 is the month at which the pay award was applied). Correct scale point was applied, as set out in payscales published by NALC.

I am satisfied that the Council has a robust payroll system, is up to date with HMRC submissions and payments, and that staff tested are being paid in line with approved rates of pay.

## H - Asset and investments registers were complete and accurate and properly maintained.

### I - Periodic and year-end bank account reconciliations were properly carried out.

#### First Interim Audit

I reviewed the bank reconciliation file. There is clear evidence that bank reconciliations are being completed on a regular basis, the member audit file provided confirmation that these bank reconciliations are being reviewed by members each quarter, as required by financial regulations. Bank accounts held by the Council are set out below:

Account	Sage Balance	Note on reconciliation
1210 – clerks account	0	Reconciled 1.9.25 by RFO  – audit checked sage and bank statement
1200 – General Account	200,012– End Aug	Reconciled to end of august, audit checked sage and bank statement
1221 – Fixed Rate Bond	322,105 - Once a year statement	Reconciled annually when bank sends statement
1224 – Lloyds Bank	21,058	Reconciled annually when bank sends statement
1225 – 35 Day account	235,995 – End Aug	Reconciled 1.9.25 by RFO  – audit checked sage and bank statement
1226 – 95 Day account	422,459– End Aug	Reconciled 1.9.25 by RFO  - audit checked sage and bank statement
1227 – Business Reserve	107,184 – End Aug	Reconciled 1.9.25 by RFO  – audit checked sage and bank statement

I reperformed the August bank reconciliations for accounts highlighted in green,. No reconciliation has been prepared in 25-26 for the fixed rate and Lloyds accounts, the bank only issues statements annually. The next member review of bank reconciliations is due for the September bank reconciliations.

J - Accounting statements prepared during the year were prepared on the correct accounting basis (receipts and payments or income and expenditure), agreed to the cash book, were supported by an adequate audit trail from underlying records, and where appropriate debtors and creditors were properly recorded.

#### **APPENDIX A**

#### **MATTERS OUTSTANDING FROM 24-25 AUDIT**

Matter Arising	Recommendation	<b>Council Response</b>
Preparation of year end statutory accounts	I would like to repeat a recommendation from my 23-24 audit that the Council should review statutory accounting processes.	Council now working with external accountants to streamline year end process
At my initial review, the balance on the VAT control account on Sage at 31.3.25 was £40,458, meaning the VAT control account and Council general reserves were overstated by £35,367.	The VAT control account should be reconciled to the VAT return quarterly, and reasons for any differences examined and corrected.	Now actioned, internal audit to test once Q2 return complete
I am pleased to note that extensive work has been completed in consolidating earmarked reserves since my last audit.	The Council should now look to consolidate earmarked reserves on the accounting system, and use reporting from Sage to manage these reserves, rather than the spreadsheet.	In progress for 25- 26 financial year
General reserves at year end were £236K. This represents 21% of precept, which is slightly below recommended levels set out in the NALC Practitioners' Guide.	Whilst I note that the Council has well developed earmarked reserves to cover most contingencies, care should be taken to ensure that the general reserve does not reduce further. This must be considered at the next budget setting cycle.	Being reviewed as part of budget setting process for 26-27

# APPENDIX B MATTERS ARISING 25-26 AUDIT FIRST INTERIM AUDIT

Matter Arising	Recommendation	Council Response
The Council should no longer accept cash when selling food / drink at functions.	This would reduce workload by eliminating the need for a cash float, and the controls needed around cash takings	
Consideration should be given to purchasing a small number of card machines (such as Zettle / Sum Up / Square) for use at functions and in Luxfords.	This would provide	
	The Council should look to use a system that has an interface with the accounting system
